

NSC

MEDICAL

Delivering Health Products to Patients and Consumers

- NSC Medical is a Canadian brand that develops and manufactures sleep surfaces for the professional medical industry.
- All our mattresses are proudly developed and manufactured in Canada. We are the first accredited virtual manufacturer in Canada to meet Health Canada Manufacturer compliance standards.
- Medical Device Name: NSC Medical Corp. Manufacturing Class 1 Device # 6997 Company ID: 138228

- NSC Medical utilizes 13 manufacturing facilities across Canada
- NSC Medical can facilitate just in time (JIT) manufacturing and drop shipping anywhere in North America
- NSC Medical is a Health Canada registered Class I Medical Device Manufacturer
- NSC Medical produces private label product for multiple global brands
- NSC Medical products are manufactured in certified ISO facilities
- NSC Medical products deliver 100% traceability.
- NSC Medical only uses CertiPUR-US® certified foams

- NSC Medical's MEDI-FOAM™ is a unique formulation that neutralizes off gassing and reduces heat retention

- NSC Medical's MEDI-GEL™ is an efficient cooling formulation that delivers equivalent pressure mapping results to a low air loss or alternating pressure mattress

Natural Elements™

Made Entirely
From Nature

Natural Elements™

11" Organic Natural Latex Mattress

Organic cotton cover

Temperature regulating
JOMA™ wool

100% Organic Natural
hypoallergenic latex

4 Global certifications for natural
content and materials

Natural Elements™

11" Organic Natural Latex Mattress

Pressure Balance System™

The top layer of the patented Pressure Balance Latex System™ uses individual beams that are interconnected and articulate independently, which assist with pressure point relief and provide unique sleeper support where needed.

Industry's first organic all-natural latex sleep surface

Certifications for Our Natural Elements™

ABC Research Corporation

3rd party laboratory test results proving the latex used in NSC Medical's Natural Element series has significant antimicrobial properties to reduce microorganism growth by 99.99%

Global Organic Latex Standard

Global Organic Latex Standard (GOLS) certified multiple random samples and confirmed that NSC Medical's Natural Elements contained no less than 95% Latex foam

Bureau Veritas

3rd party laboratory test results proving the latex used in NSC Medical has had the latex protein removed making the latex foam hypo- allergenic

Certifications for Our Natural Elements™

Eco Institute (ECO)

Respected by manufacturers and agencies worldwide, Germany's Eco Institute is an independent material testing laboratory. NSC Medical's latex has achieved Eco certification for the purity of the organic latex.

The OEKO-TEX™ Standard

An independent testing and certification system for raw, intermediate and finished textile products. OEKO-TEX™ has verified that NSC Medical has a STANDARD 100 by OEKO-TEX® certified natural latex foam.

SGS

3rd party Certification that the latex production facility follows the guideline of ISO 14001:2015

**NanoSleep Adjustable Bed
Features:**

- Raised foot section
- Upright backrest angle
- One button return to flat
- Programmable positions
- Wall hugger design
- Multiple massage setting
- 4 USB Ports
- Under-bed lighting and
- Safety style removable rails
- Wireless Full Function Remote
- Rails connected to metal frame
- German Okin motor
- Locking caster wheels included
- Emergency battery back up
- Wireless remote
- Foot retainer bar
- High/Low setting at 38.1 cm
(15 in.) from the floor to 66 cm
(26 in.) in height
- Neutral gravity & Anti-
Snor mode
- Weight capacity twin XL
base: 340.2 kg (750 lb.)
- NanoSleep twin XL

RV Mattress

RV Mattress Series

Cool to the touch contact
surface

The MEDI-FOAM™ and
MEDI-GEL™ assist with
spinal realignment, pressure
point relief, and regulate
surface temperatures.

are exclusive to NSC Medical

A white motorhome is parked on a paved road in a vast, open landscape under a sunset sky. In the foreground, a white mattress is placed on the road. The text "Made from Elements, and Technology" is overlaid on the mattress.

Made from Elements,
and Technology

Mattress-In-A-Box

is roll packed for easy shipping and installation.

Please Allow 48-72 hours for the mattress to meet optimal size.

- 1 Take the mattress out of the box

- 2 Cut the outer bag

- 3 Unroll the mattress

- 4 Cut the plastic bag

- 5 Expand in flat

- 6 Wait for 72 hours

How we measure up
